

ENGLISH COMMUNITY PROJECT

Dear Year 7 & 8s,

You are very special people and I know you all understand the importance of friendship and communities, and the role that communication plays in this.

Currently, many elderly people in the community are unable to receive visitors so one email from you could really make their day!

This week I would like you to prioritise this task before getting back to your lesson pack:

Write a letter to an elder (a stranger) telling them about yourself.

Here are some ideas of things you can include:

- Tell them about your day - what is it like not going to school? How do you spend your time?
- Tell them a joke or a riddle (make sure you include the answer at the bottom of your email)
- Write them a story about anything you like

Email your letter to Ms Hunter - staffchhu@theongaracademy.org - and she will make sure they are passed on to an elderly person within the community.
