

## Maths support Year 11

Hi all, during this difficult times I thought it would be good to give you a plan to follow if you are not in school and if you are this will be useful as a revision guide to follow, we have loads of resources for you to use and it is your choice to choose what works for you but please do something, lets prepare for exams as normal but please don't panic and remain in touch with your teacher. I will list email addresses at the bottom of the page:

Task 1: You have been creating your own revision notes on cards, continue to do this they are great. Please use mathswatch to do this:

Example above: use this to create a plan to complete cards: for 11G/A for example please focus on level 5 topics, this will also be a key focus for 11N and some in 110, you know what you need to work on but this will give structure to your revision.

Task 2: Use Dr Frost Maths: you should all have logged onto this now: there are loads of old papers on there which you can work through and answers are given.

<https://www.drfrostmaths.com/>

Please use this as well as Maths watch as you need to keep looking at papers.

Task 3: Exam papers (paper copies): You will be given papers to practice on, you will also be given CGP books to work through, plus also use your folders. If you can go through old papers and revise areas you got wrong that is Excellent revision!!
