

Stranded!!

Year 8 J2i Independent Study Project

**Will.i.am is stranded on an island
and needs to get back to the UK
for the next episode of The Voice!!**

Save me now!!

**Will.i.am needs to attract attention,
make shelter, eat and drink!**

I'm hungry. Feed me now!

Your Mission:

- **Choose one of these tasks (click to read each choice). Don't forget to use the Key Ideas, Stepping Stones and Useful Websites to help.**

Choice 1

Choice 2

Choice 3

Useful
Stuff!!

Choice 1

- **Make a movie or a PowerPoint. (The movie could be made by writing a script and performing a drama piece if you like)**

Click below
to go back

Choice 2

- **Make a large poster, cartoon strip, poem or rap**

Click below
to go back

Choice 3

- Produce an oral report or mp3. (You don't have to read your report to the class if you don't want to but you'd need to read it to your teacher)

Key Ideas

Here are some things you might like to include.

- distill water for drinking
- reflect light for signalling passing ships
- generate electricity for radio
- figure out a food chain to choose which fish would be best to live on
- use rock samples and a map to predict where best to shelter from wind and volcanic ash
- choose five of ten available crates of food to get a balanced diet

Stepping Stones

1. Spend about 1 hour researching the key ideas (see last slide) to find some useful information and pictures to use in your work.
2. Spend about $\frac{1}{2}$ an hour planning
3. The rest of the time should be used to create your final piece of work (1 $\frac{1}{2}$ to 2 hours)
